Minute P/72/20 -

Greenway Cycle Route

The Planning Committee of MTC have carefully considered the Proposed Greenway Cycle route and welcome the initiative.

However, we propose that

- 1) The 3-metre-wide path/cycle route along Jubilee path should be reduced to 2 metres wide. The 3-metre-wide path would be deleterious to the general rural environment and narrower path would be an acceptable for the degree of usage it is likely to get.
- 2) The route should follow the exiting path along the south side of the Pond
- 3) The bridge and the north side of the pond used by a wide range of people of all ages as a community meeting point and a pathway from the Grange should be left untouched.
